

LANXESS Corporation

To whom it may concern

Subject: Conflict Minerals

Dear LANXESS Customer,

The Wall Street Reform and Consumer Protection Act provides a list of "Conflict Minerals" as columbite-tantalite (coltan, niobium, tantalum), cassiterite (tin), gold, wolframite (tungsten), and their derivatives. As such, there are no conflict minerals intentionally introduced into the LANXESS product(s):

Durethan® and Pocan® thermoplastic resins

"Intentionally introduced" shall mean "deliberately utilized in the formulation of a material or component where its continued presence is desired in the final product to provide a specific characteristic, appearance, or quality."

Thank you for your interest in the safe use and handling of this LANXESS product. If we may be of any additional assistance, please do not hesitate to contact us.

Yours sincerely,

Chrmayne Hornezes
Product Safety Representative
